Leg up

We know sometimes you need a leg up to get on top of your social media planning.

Our team is here to help you get the clarity you need, so you can confidently plan your social media posts ahead of time. We work with you to develop a customised content calendar, which you then go away and execute.

What you get

- A 45min content calendar planning and development session
- A completed monthly content calendar* sent to you by our #agvocates, executed by you
- A mid-month check-in email to answer any burning questions and a final month-end check-in

**Minimum term 120 days*
